

# SPECIFICATION

JUNSEI CHEMICAL CO.,LTD.  
QUALITY ASSURANCE SECTION  
1-6, Ohmano-cho, Koshigaya-shi,  
Saitama, 343-0844, Japan  
TEL: +81-48-986-6161  
FAX: +81-48-989-2787

Product Code           59308-2201  
Commodity             Propyl p-hydroxybenzoate  
Grade                 Food additive  
Q'ty                    500g

| [Test Item]                        | [Standard]   | CASNo.94-13-3 |
|------------------------------------|--------------|---------------|
| ASSAY (Dried)                      | min. 99.0 %  |               |
| Appearance                         | To pass test |               |
| Identification (1)                 | To pass test |               |
| (2)                                | To pass test |               |
| Melting point                      | 95~98 °C     |               |
| Purity test                        |              |               |
| (1) Free acid                      | max. 0.55 %  |               |
| (2) Sulfates (as SO <sub>4</sub> ) | max. 0.024 % |               |
| (3) Lead (as Pb)                   | max. 2 μg/g  |               |
| (4) Arsenic (as As)                | max. 3 μg/g  |               |
| Drying loss                        | max. 0.5 %   |               |
| Ignition residue                   | max. 0.05 %  |               |
